

Hello Everyone,

Today's support group on ZOOM will be a discussion on **WHAT REALLY MATTERS FOR PEOPLE LIVING WITH PARKINSON'S...**

This discussion will represent your own thoughts on your life with PD. What do you wish you could accomplish? What do you wish scientists could do to make your life better? What do you wish that your family and friends would do differently about how they treat you? Etc.

Please come prepared to get your thoughts out there so we can all have a full conversation about what really matters to you.
